PREFACE.

As the term of years of a long life lengthen out under the favor of Providence, to a span surpassing that usually allotted to the life of man, men feel that they must relinquish many of their former pursuits, and have a desire to conclude as much as possible their affairs. It is this motive that has induced Major Richard Lambert to place his collection in my hands for sale at auction.

Major Lambert was born in the city of Dublin in 1828, and came to America while still a lad, and has resided in the city of New Orleans for the past 65 years. He served with distinction in the Mexican War, 1846-48, and has been for 50 years a member of the Masonic Order, in which he has been highly honored, reaching the 33d degree, the highest degree in Masonry, and has been Assistant and Grand Secretary of the Grand Lodge of Louisiana for 35 years. Though bearing such a number of years, now over 82, he is still blessed with hale and vigorous health, and retains his active interest in Masonic affairs.

Major Lambert has devoted his attention to the coins of the United States, of which he has acquired a fine representative series of the gold, silver and copper denominations, and has also obtained a representative series of English crowns, from Edward VI to Victoria, which with three Massachusetts shillings, one the extremely rare Willow Tree variety, I have placed after the regular United States series.

In this last series, a brief synopsis of the contents would be as follows:

Eagles, 1795 to 1804 inc.; half-eagles 1795 to 1814 inc., 1836, 1840, 1844; quarter-eagles 1796, 1802, 4, 5, 7, 8, 1829, 31, 32, 33, 1834, second type, 35, 36, 1858 C.; three dollars complete except 1875, and including the splendid 1873 proof from the Jewett sale; dollars complete, with many mint marks, including the rare 1860 Dahlonega Mint.

Silver. Dollars, 1794 to 1890, lacking only 1804; the 1794 one of the finest specimens known; half-dollars 1794 to date, excepting 1796; quarters, dimes and half-dimes nearly complete, lacking the greatest rarities.

Copper. Cents, a fine collection containing a very fine 1793 with periods, chain ameri, fine 1799 fine—an unusually excellent specimen; half-cents, a good collection including 1796 poor, lacking the rare proofs in the 40's.

Proprietary issues of gold, several important pieces, including the $50. of 1851 and 52.

Patterns. Dollars 1836 and 1839, and a few other specimens.

Tokens of 1837.

Many of the impressions are in superlative condition, whilst others are very good and fine representative examples.

I have added to the sale the collection of War Medals and decorations of the Henry S. Jewett Cabinet, omitted in that sale for lack of room, and the small miscellaneous collection of Mr. Joseph Walton.

An edition with six plates of the principal pieces, bound in boards, will be sent for $1.50, and upon its return to me after the sale will be priced and re-forwarded to the purchaser without further charge. Priced catalogs without plates, $.50.

I guarantee all the coins and medals genuine and original.

Respectfully,

S. H. Chapman,

Numismatist.
